ils to remove a cold if taken on its first
pearance: they are celebrated for re-
oving habitual costiveness—sickness at
e stomach and severe head-ache—and
ght to be taken by all persons on a
ange of climate.

tious in preventing and curing disor-
ers attendant on long voyages, and

COMMUNICATION.

I perceive, from the bills of the day, that the popular tragedy of GEORGE BARNWELL is to be performed at the Theatre this evening. I cannot let pass the opportunity, which the occasion affords, of inviting public attention to this excellent play, which has received the sanction of approbation from every admirer of the drama, and drawn forth occasional praises from the most rigid moralists. What but its deep interest and sterling worth could have continued it so long upon the stage—a period of more than 100 years? While other ephemeral productions are doomed to a short-lived existence—while affecting melodramas, fascinating comedies, and pleasing operas, are yearly introduced and yearly decline—the tragedy of BARNWELL maintains its rank in our hearts, and emits new beauties with each representation. The simplicity of the narrative...the ingenuousness of the plot...and the highly instructive, nay moral examples which rapidly succeed each other... have the strongest claims upon our curiosity—claims too powerful to pass by unregarded.

To those to whom the play is familiar, I will remark that two inducements are offered which should invite *their* attendance. These are, the first appearance of the gentleman who is to perform Barnwell, and the second appearance of Miss TRAJETTA. The former, who is personally known to many of our citizens, has, I understand, made an engagement with the managers, to continue with the company during the season. His reasons for this step are conjectured by his friends, and conjecture, in this instance, is too well grounded to admit a doubt of its correctness. Having in early life entered the navy of the U. States, he there continued until the war with G. Britain. At the solicitation of ill-advisers, he was induced to enter the army, in which he passed through the intermediate grades from an ensign to that of captain. At the reduction of the military establishment in 1815, it was his fortune (as it was that of many a truly deserving soldier) to be disbanded. Thrown thus upon the world, with all his expectations blasted, he attempted various employments, and in each was unsuccessful. The stage he viewed as his last resort; and knowing it by its truest character—the mirror of virtue and the scourge of vice—has placed himself under its genial influence, to claim the protection of an indulgent audience against the persecutions of an ungrateful world.

Of Miss TRAJETTA, I trust the recollection of her performance on Tuesday evening, will have greater weight than any remarks which I can offer—For I cannot believe that the applause then tendered to her was any other than the spontaneous effusion of unfeigned admiration. The admirable duet of "*Sweet is the vale*," by Mr. Garner and Miss. Trajetta, cannot fail of finding its way to the very heart of each lover of music.

A Friend to Merit.

FROM THE NATIONAL INTELLIGENCER OF YESTERDAY.

CONGRESS.

HOUSE OF REPRESENTATIVES,

Wednesday, December 17.

Mr. Bryan, of North Carolina, appeared and took his seat.

Mr. Robertson, from the Committee on Public Lands, reported a bill for the relief of Samuel Ackman, and a bill for the relief of Joseph Earwood; which were severally twice read and committed.

Mr. Williams, of N. C. from the Committee of Claims, made an unfavorable report on the petition of John G. Mackall; which was read and concurred in.

The Speaker laid before the House the following communication from the Treasury Department, which was ordered to be printed, with the accompanying documents:

Treasury Department,
Dec. 17, 1817.

SIR,—I have the honor to transmit herewith, for the information of the House of Representatives, an estimate of the appropriations for the service of the year 1818, amounting to $10,925,191 62, viz:

For the Civil list,	1,070,708 02
Miscellaneous expenses,	490,308 51
Intercourse with foreign nations,	487,666 64
The military establishment, including arrearages, and Indian Department,	6,265,132 25
The naval establishment, including the marine corps,	2,611,376 20
	$10,925,191 62

The funds out of which the appropriations for the year 1818 may be discharged, are the following:

1. The sum of $6,000,000 annually reserved by the act of the 4th August, 1790, out of the duties and customs, towards the expenses of government.

2. The proceeds of the stamp duties, and the duty on sugar refined within the United States.

3. The surplus which may remain of the customs and internal duties, after satisfying the pledge for which they are pledged and appropriated.

4. Any other unappropriated money which may come into the Treasury during the year 1818.

I have the honor to be, very respectfully, sir, your most obedient servant,

WM. H. CRAWFORD.

The honorable the Speaker
of the House of Representatives.

The Speaker also presented to the House a report from the Department of State on the petition of sundry inhabitants of the district of Detroit, in the territory of Michigan, respecting losses incurred during the invasion of 1812 by the British; which was referred to a select committee, and ordered to be printed.

On motion of Mr. Poindexter,

Resolved, That the Committee on the Judiciary be instructed to enquire what provisions are necessary to give effect to the laws of the United States within the state of Mississippi.

On motion of Mr. Holmes, of Mass.

Resolved, That a committee be appointed to enquire into the expediency of providing by law for the pay of the members of the Senate and House of Representatives and the deputies from the territories of the United States, and that the said committee have leave to report by bill or otherwise.

Mr. Livermore, of N. H. moved that this committee consist of *twenty* members, that one might be selected from each state, and thus bringing thereto the views and impressions of the various parts of the country, might agree upon a report which would save the House the alternative of exhibiting itself before the world in the unpleasant attitude of debating its own compensation. This number being objected to by Mr. Holmes, who wished the usual number (of seven) to be appointed, Mr. Livermore withdrew his motion, and a committee of seven was ordered to be appointed.

On motion of Mr. Harrison,

Resolved, That the Secretary of War be and he is hereby instructed to report to this House the amount of the pensions which have been granted to the widows and orphans of the deceased officers and soldiers of the late war, specifying the number of each grade of officers to whose widows or children the pensions have been granted.

On motion of Mr. Tyler,

Resolved, That the Committee on the Judiciary be instructed to enquire into the expediency of causing offices to be erected for the safe-keeping of the records, papers and documents of the several district courts of the United States, at or near the places of holding said courts respectively.

On motion of Mr. Sergeant,

Resolved, That the Committee on the Judiciary be instructed to enquire into the expediency of authorizing the judges of the district courts in the several districts, and the judges of the supreme courts within their respective circuits, to supply any vacancies that may have happened by reason of the death, resignation, or disability of the general commissioners of bankruptcy appointed by the President, under the authority of the act entitled "An act to amend the judicial system of the United States," where the same may be necessary to complete the execution of any pending commission of bankruptcy.

ORDER OF THE DAY.

The House then again resolved itself into a Committee of the Whole, Mr. Bassett in the chair, on the bill to provide for commuting the bounty lands of the soldiers of the late army—the motion to strike out the first section being still under consideration.

The debate was resumed, and continued to a late hour, in which Messrs. Ball, Colston, Livermore, Storrs, Holmes of Mass and Beecher, spoke against the bill, and Messrs. Anderson, of Ky. Baldwin, Harrison, Clay, and Johnson, of Ky. advocated it.

In conclusion, Mr. Clay remarked, that as, with the view of trying the principle of the bill, the motion was made to strike out the first section, he had prepared a substitute which he believed would obviate many of the objections which had been urged against it—he suggested to the gentleman (Mr. Holmes) who moved to strike out the first section the propriety of withdrawing that motion, so as to give him (Mr. Clay) an opportunity of presenting his amendment to the consideration of the committee.

Mr. Holmes, desirous of giving the friends of the bill every opportunity of making it acceptable to the House, withdrew his motion to strike out the first section; when

Mr. Clay offered a substitute by way of amendment, embracing various provisions varying in many points from the original bill, (substantially stated in his remarks given above) The amendment having been read,

The committee rose, reported progress, and obtained leave to sit again—the House having previously ordered Mr. Clay's amendment to be printed.

INTERNAL DUTIES.

The amendments of the Senate to the bill to abolish the internal taxes were taken up and severally agreed to; so that the bill now wants only the approbation of the President to become a law.

A resolution for distributing the public documents was received from the Senate, read three times, and passed; and

The House adjourned.

Alexandria, December 20.

FROM OUR CORRESPONDENT AT WASHINGTON.

Friday, December 19, 1817.

The commutation business has again exhausted a long day, having occupied the house the whole of yesterday, from the conclusion of the petition and general routine of business, up to four o'clock in the evening.—Mr. Clay's new bill, substituted for the first, which was not found to answer, went through a committee of the whole—had the blanks filled up and gave rise to a world of talk without coming to any decisive conslusion, or affording even a reasonable surmise what will be its fate. The temper of the house seems to be unfavorable to it—if it passes, the soldier may receive 100 dollars for his smaller warrant or 200 for his larger.

FROM OUR CORRESPONDENT AT N. YORK.

Gazette office, Dec. 17—noon.

FROM GIBRALTAR.—The editors of the Gazette have received by the barque George Long, a Gibraltar Price Current, and the Chronicle of the 25th of October. In the last paper we find this article.

"*Lisbon Gazette.*—By command of the Supreme Authority, the merchants of this Kingdom are apprized that the TRUCE lately proclaimed between Portugal and the Regency of Tunis, will expire on the 11th of November next."

Prices at Gibraltar, October 22—American cotton, N. O. 52 cents, none and saleable—Sperm Candles, 50 to 52 cts. Rice, $7 75 to 8—Pitch, 3 to 3 45—Beef, $13—Flour, 14—Tar, 2 75 to 3—Tobacco, Ken. $14 to 15—Virginia, 11 to 11 50—Wax, $34, scarce and saleable.

Savannah, December 11.

It is generally believed, or rather public report says, that Saturday next, the 13th instant, is the day pitched upon for the purpose of taking possession of Amelia by the American forces, which are numerously assembling for the purpose. [*Museum.*

Negroes.—A Guineaman, with 124 Negroes on board, prize to the Patriot brig Morgiana, arrived at St. Mary's on the night of the 30th November—she is detained by the United States' gun boat No. 168. [*ibid.*

A large amount of property imported from Amelia was seized by the United States at St. Mary's on the 4th instant. [*ibid.*

New-York, December 15.

SHIPWRECK.

We regret to state that the brig *Aid*, Captain Medrum, with a cargo of wine, fruit and nuts, from Smyrna, was driven ashore at the point of the Hook yesterday morning, and in two hours was entirely destroyed. The Captain and crew escaped with safety to the shore. A part of the cargo was taken up in the Bay, by the Revenue Cutter Active, and a part by other vessels. A considerable proportion of the wine will probably be saved.

The following is from the Auburn Gazette, a paper printed in a town of that name in Cayuga county, New-York.

Female Dancer.—We are informed (says the Onondaga Register of the 25th ult.) that on Sunday last, at about three o'clock in the afternoon, a young woman in Dryden, in the county of Tompkins, apparently in the enjoyment of health and her mental faculties, commenced dancing, (whether hornpipe or old fashioned jig, we know not) with great life and animation, which she continued with very little intermission until about 8 o'clock at night, when she was obliged to stop, being nearly exhausted. During her frolic she would not answer any questions, neither did she notice any thing which was passing about her. If made to sit down, she would fall on the floor, and when liberated, would resume her dancing. When she had got through with her exercise she could talk as usual; but knew nothing of what she had been doing, as she says.

LATEST FROM ENGLAND.

By the arrival last evening of the ship *Amity*, Captain Stanton, in 44 days from Liverpool, we have received from our London Correspondent, London papers to the evening of the 25th October: Lloyd's lists to the 24th: and the London New Price Current to the 24th all inclusive.—By the same arrival we have also Liverpool papers and Mercantile letters to the 28th. Extracts from each will be found under their respective heads.

In the Courier of the 22d of October, (a Ministerial print) we are happy to find the following remark:—"It is gratifying to be able to assure our readers, that every fresh account from America affords reason to believe that the desire to be on the most friendly footing with Great Britain animates more and more the Councils of the American Government—Prejudices are rapidly giving way to wiser views of the true interests and policy of both countries, and we have every reason to believe that all the discussion and negociations between the two governments will terminate to the satisfaction of both."

A report was published in several of the London papers, on the 23d of October, that a Russian fleet from Revel was expected at Portsmouth with 10,000 troops on board. The Courier of the same day expresses strong doubts of there being troops on board, but thinks it not at all improbable, that the ships, on their way to Cadiz, may touch at Portsmouth for fresh provisions and water.

Letters from Merchants at Lisbon were received in London, announcing that a Spanish army had entered Portugal, and was approaching the Capital. The Courier of the 23d of October, in contradicting the statement contained in these letters, thus remarks, "Much uneasiness has been excited in the public mind by the reports which arrived from Spain and Portugal, with respect to the march of troops on the frontier of those kingdoms. It is well known that unfriendly discussions have for a length of time existed between the two Courts, occasioned by the advance of the Portuguese forces on the left bank of the River of Plate; but we are sure it will be satisfactory to the public to learn, on information on which they may entirely rely, that both of those Governments have agreed to accept the mediation of the five powers who are parties to the Grand Alliance, and we may therefore look with confidence to the speedy and amicable termination of all those differences which were tending to disunite the Crowns of Spain and Portugal.—It is with peculiar satisfaction that we feel ourselves enabled to make this statement which must certainly remove all uneasiness on the subject."

A letter from the Agents to Lloyds at Genoa, dated on the 11th of October, and published in the Courier of the 24th, communicates the following important commercial information: "We enclose you a copy of an Edict of the Emperor of Germany, dated Milan, 2d inst. by which it appears that all foreign cotton and woollen manufactures are prohibited in his states. This decree will seriously injure the trade of this place, as by every vessel which arrives from England, the third part of the cargo is for houses in Lombardy, who deal in those articles.

A remarkable instance of the rapid fluctuation in the price of British stocks, occurred on the 23d of October. The London Traveller of that day, speaks of this extraordinary fluctuation, and assigns the causes of it as follows—"A great fall took place this morning in the price of stocks—Consols opened at 82, fell to 81 1-2, 81, 80 1-2 1-4, 98, for the Account, and 79 3-4 7-8 for money.—At one o'clock, they were at 80 7-8 81. This depression was in consequence of the warlike preparations of this country. It is positively stated that several commission merchants have been applied to, to furnish meat and biscuit, as well as ten thousand tons of shipping for the conveyance of troops and stores. Rumour further adds that a fleet of men of war and frigates is ordered to be provisioned for four months, and to sail immediately for the Mediterranean.—The late frequent meetings of the cabinet councils are said to have been for the purpose of taking into consideration the refusal of the Spaniards to give up one of the fortresses in that quarter, ceded to England by the late treaty. The dispute does not appear likely to be amicably arranged.—These and the rumours already noticed have had the effect of lowering the Funds three per cent, in the course of two days, and from the present feeling of the public, a further depression is expected. When the house opened this morning, scarcely any buyers could be had even at a quarter below the market price. The Commissioners gave 79 7-8 Reduced and were served by one Broker."

The annual session of the States General of Holland, was opened on the 20th of October, by a Speech from the King.

Lord Wellington returned to London on the 25th of October, for a few days on his own private affairs.

Our London Correspondent, has favored us with statements of the price of Wheat in the twelve Maritime Districts of England & Wales, from the first, second and third weeks, by which the importation was to be regulated on the 15th of November. The prices of the 3d week, vary in the different districts from 71s 7d to 96s.—We have not room to give the statement entire. The following is the average price in the 12 districts for the first three weeks:

Cotton. There have been very few sales effected in cotton since our last;—the holders are very firm, and will submit to no depression: the private contracts are confined to a few Pernams at 2s 3d: a few Boweds at 22d. Two public sales have been brought forward, 70 Maranhams sold 2s a 2s 0 3-4; 38 Demeraras 20d a 23 1-8d; the remainder consisted of trivial parcels of—Jamaicas 21 a 22 1-2d; Montserrat 22d; Grenada 22 1 2 a 22 3-4d; Surinam 16 5-8; Barbadoes 22 1-4d; St. Vincent's 21 da 21 3-4.

Corn. There was a good supply of new wheat in this morning's market, chiefly from Suffolk and Essex; the prices of Monday were supported for the fine qualities: the inferior met a heavy sale at rather a lower currency—Barley was at a small decline.—In other articles there was no variation since Monday, of which the following was the Report:

There was a good supply of English wheat in Monday's market; the greater proportion was not so dry and fine condition as on the previous week: the best samples in consequence sold freely at the prices of Monday week, and generally of the market it might be stated that wheat was rather higher, but not so decidedly so, for us to make any alteration in the quoted currency. Fine barley was in great request, and the quantity at market being trivial, an advance of 4s was realized. Rape-seed would have sold ready at 1*l.* advance. There was little linseed offering: the few parcels at market were held at prices much higher than the preceding week.

Rice. The demand for rice for exportation continues; Carolina has this forenoon realized our quotation.

Tobacco. There have been several sales of tobacco this week; the prices are little varied. The arrivals when the wind changes are expected to be very extensive.

Oils. There continues to be great fluctuations in oil; Greenland whale oil has been sold 2*l* a 3*l* below our quotations; but the market is again on the advance, on account of the scarcity; every other description is a shade lower than the prices obtained first of this week.

Tallow. There have been extensive purchases of tallow; the prices have advanced 2s a 3s with a prospect of a farther improvement, on account of the limited quantity in London: for yellow candle our quotation is the latest realized price, but it is probable higher rates may be obtained before to-day's change closes.—The town market quoted 71s, which is 2s 6d higher than last week. Hemp has been brisk at advancing prices; our higher quotations for Petersburgh hemp is stated to be realized this forenoon.

The Catholics of Alexandria, who must be convinced of the existence of much distress among the poor in the town, during the winter season, ought to be willing to contribute their little mite to their relief. As the festival of Christmas-day is the choicest commemoration of that poverty, which the Redeemer constantly chose for his earthly portion, a charity sermon will be preached and a contribution collected on that day to give some little assistance to the poor. The number of Catholics is small and their means contracted, but it is hoped that they will not be unmindful of that charity, which their religion dictates. A sermon on the festivity will be preached in the afternoon. R. BAXSTER.

RAN AWAY from the subscriber, DAVY, a light coloured black, about twenty years old, his hair rather long and knotty, tall and stout made, appears much confused when first spoken to, and blabs rather unintelligibly at first: he has had one of his thighs broken which may be perceived on examination; his dress not recollected, tho' he has a variety of clothing.

Owners of Stages, Hacks, Packets and Crafts, &c. are warned against receiving or harbouring him.—If taken within the District of Columbia I will give Twenty Dollars—if in the state of Maryland, or one hundred miles from the District of Columbia I will give Fifty Dollars, provided he is secured so that I get him again. Twenty Dollars Reward.

WAS stolen from my farm, near Alexandria, a DARK BRINDLE and WHITE OX. He is of the buffalo breed, white legs, white forehead, the ears are also brindle, resembling the color and texture of the back, and are marked—the right with two slits and crop, and the left with a hole and also a crop: he is about 6 or 7 years old, in excellent order, has been accustomed to the yoke, is wild, scary, and shy, especially when among strange cattle. As it is probable he has been killed for beef, the subscriber requests that the tanners in this vicinity would let her know if a hide answering the above description should be offered for sale.

The above reward will be given for the thief and Ox, or five dollars for the Ox only. MARY FENDALL.

CHARLES COUNTY COURT,
August Term, 1817.

ON application to Charles County Court by petition in writing of James G. Bateman of Charles County, for the benefit of the act of assembly for the relief of sundry insolvent debtors, passed at November session 1805, and the several supplements thereto, on the terms mentioned therein, a schedule of his property and a list of his creditors on oath, so far as he can ascertain them, being annexed to his petition, and the Court being satisfied by competent testimony that the said James G. Bateman has resided two years immediately preceding the time of his application, in the state of Maryland, and being also satisfied that the said James G. Bateman is in actual confinement for debt, and the said James G. Bateman having entered into bond with sufficient security for his personal appearance in Charles County Court, to answer such allegations as his creditors may make against him: It is therefore ordered and adjudged, that the said James G. Bateman be discharged from imprisonment, and that by causing a copy of this order to be inserted in some one of the newspapers edited in the district of Columbia, once a week for two months successively, before the third Monday of March next, he give notice to his creditors to appear before the said court at Charlestown in said county, on the said third Monday of March next, for the purpose of recommending a trustee for their benefit, and to shew cause why the said James G. Bateman should not have the benefit of the several insolvent laws as prayed. Given under my hand this 9th day of December, 1817.

I WILL give the above reward for taking up and delivering to me in Alexandria, or lodging in jail so that I get him again, negro man WILLIAM, who eloped from Washington, D. C. (where I he was hired) about 8 weeks ago. William is about 28 or 30 years of age, 5 feet 6 or 7 inches high, tolerably well made, yellow complexion, large mouth, very white teeth, and to the best of my recollection a scar on his right cheek—he is very fond of drink, and when intoxicated is a great reprobate and excessively noisy. His cloathing is not recollected, but as he received his wages before he started it is probable he has furnished himself with a new suit. BENJ. T. FENDALL.

Land for Sale.

THE Subscriber offers for sale, about 2000 acres of land in Fairfax county, not more than from seven to nine miles from Alexandria. The property is well watered, has a sufficiency of wood, and (judging from the condition of small and well cultivated farms that adjoin it,) it is highly susceptible of improvement.—It is at present divided into tenements, of from one to two hundred acres, each provided with a dwelling house, out houses, a garden and orchard; and might, of course, be laid off into four or five very compact farms. The principal object of the subscriber, being the introduction of a good system of husbandry into his neighbourhood, he will sell on very moderate terms, give a long credit on the *whole* amount of the purchase money, and require no other interest, than what the present rent of the land pays, being about 3 per cent. on its estimated value.

Public Sale.

IN pursuance of the authority vested in us by a deed of trust, bearing date 3d day of Aug. 1814, from James Deneale, of Prince William county, for the benefit of the Mechanics' Bank of Alexandria, and at the request of the president and directors of the said bank, we shall, for the purpose of raising the sum of eight thousand seven hundred dollars, with interest thereon from the 20th day of Dec. in the year 1816, and the expences of the sale, sell at public sale, for ready money to the highest bidder, at the court house in Dumfries, on the first Monday in Jan. next, the following property in the county of Prince William: a water Grist Mill, on Quantico creek, and ten acres of land adjoining thereto, near the town of Dumfries, known by the name of Deneale's Mill, and all implements and appurtenances thereto belonging. Also, one other piece of land and water grist mill adjoining the above on Quantico creek—Also, one and one half acre of land formerly known by the name of the Saw Mill Tract and to include the Saw Mill and improvements.

Those who are disposed to purchase may view the property before the day of sale.

The subscribers selling as trustees will convey no other right than that which they hold as trustees, not meaning to make themselves personally responsible for the title.

Trustee's Sale.

UNDER the authority, and by virtue of a decree of the honorable the High Court of Chancery of the State of Maryland, the subscriber will offer at public sale, on the premises, on Saturday the 20th day of December, inst. at 12 M. if fair, if not, the next fair lawful day, at the same hour, all the Land of the late Richard Henderson, deceased, situate in Prince George's County, Md. and adjoining or near the town of Bladensburg, containing between 6 and 700 acres, of which a survey and plat will be made previous to the sale, and then exhibited.

These lands are beautifully situated, and in an excellent neighborhood; one third part, or nearly so, is in wood, and about 50 acres of bottom or meadow, which, with some improvement, is capable of producing large crops of timothy, a certain and never failing market for which is found in the City of Washington, about 4 miles distant. This property, lying below Bladensburg, on the Eastern Branch, has the advantage of water conveyance for its produce to the City, Georgetown or Alexandria at a small expence.

Intending purchasers it is supposed, will, by themselves or agents, examine the Lands and determine for themselves as to the quality and local advantages thereof, and therefore a more particular description is deemed unnecessary. Mr. Wilson, residing on the premises, will shew them.

The conditions of sale are, that the purchaser shall give bond with security to the Trustee, to be approved by him, for paying one 3d of the purchase money with interest within 12 months, one other 3d with interest within 18 months, and the residue with interest within 2 years from the day of sale—and upon the sale being ratified by the Chancellor, and on receipt of the purchase money, a conveyance shall be made in terms of the said decree. COLIN AULD, Trustee.

Public Sale.

UNDER the authority of a deed of trust from John Throop, and Rebecca his wife, in order to secure Hugh Carolin against the effect of his endorsements for the said John Throop, the subscriber will offer at public sale, for cash, on Friday the 2d day of January next, at 12 o'clock, upon the premises, all the right, title and interest of the said John Throop in the undermentioned property, or so much thereof as may be necessary to save harmless the said H. Carolin, viz:

A Lot of Ground, on the south side of King-street, beginning 54 feet eastward of Payne-street, and fronting on King-street 27 feet.

Also, one other Piece of Ground, beginning 176 feet 7 inches from the intersection of Prince and Payne streets, and running southwardly with Payne-street 60 feet.

And another Piece of Ground, beginning at an alley laid off by J. V. Thomas, at its intersection with Alfred-street, and binding north on said street 37 feet 6 inches.

The evidences of title and a more minute description may be seen upon application to the subscriber.
COLIN AULD, Trustee.

Public Sale.

ON the 10th January next, if fair, if not, the next fair day, will be offered at public auction, on the premises, a certain tract or parcel of LAND, situate in the county of Loudoun, near the Gum Spring, and at the intersection of the Little River Turnpike and Centreville Road, near the 26 mile stone, containing 752 acres. And, on the 5th January next, at Mr. Kankey's tavern, in the town of Dumfries, a parcel of LAND, situate in the county of Stafford, within 8 miles of Dumfries, near Chappawamsic meeting house, and adjoining the lands of Major Tolson and others, containing about 250 acres.

Those lands are two third parts of the lands formerly belonging to Robt. Lyle, sen. deceased, in those counties, and divided by commissioners appointed under the authority of court.

It is presumed and wished that all who are inclined to become purchasers, will examine the lands; and, therefore, it becomes unnecessary to be more particular. They will be divided into such portions as may be desired; and the terms of payment will be one third part in hand, and the remainder by equal instalments in one and two years, secured by bond, and bearing interest from the day of sale, with approved security.
COLIN AULD.

Land for Sale.

IF early application is made, I will dispose of 400 acres of the CEDAR GROVE tract of land. There is surplus timber and fire wood enough on the part I purpose selling to pay it with judicious management, more than half the purchase money, at the price I ask. The situation is healthy, and the land fertile. Contiguity to market is also among its advantages; it being within less than a mile of Mr. Jonathan Janney's mill, where the Alexandria price may be had for grain. Persons wishing to purchase will apply to the subscriber, residing at Cedar Grove, ten miles below Alexandria, and one below Janney's mill.

RAN AWAY, on Saturday evening, the 11th inst. my mulatto man, named NED, commonly called NED M'RAE alias SHERWOOD. He is about 23 or 24 years of age, 5 feet 8 or 9 inches high, and was raised in Manchester. Ned is well made, high forehead and large flat nose: had on when he went away a grey coat and pantaloons, but as he was well provided with cloathing of various kinds, it is probable he may have changed his dress. It is believed he went off with his wife, who it appears left Richmond at the same time: she is very black, and, I believe, somewhat pitted with the small pox, talks a great deal, of short stature, and rather thick made. Ned is very artful, and may probably attempt to pass for a free man; he has a down look when spoken to. The above reward will be given if taken out of Richmond or Manchester, and twenty-five dollars if taken in either place, and all reasonable expenses paid for delivering him to the subscriber. RESPECTFULLY inform the public that they have just received from

Hamilton's Worm destroying Lozenges,

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent & is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.

Worms which infest the human body are chiefly of four kinds viz.—The Teres or large round worm; the Ascarides or small maw-worm; the Cucurbitine or short flat white worm; and lastly, the Tænia or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food and sometimes voracious; purging with slimy and fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst: sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of children"—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

For the prevention and cure of BILIOUS AND MALIGNANT FEVERS is recommended

HAHN's ANTI-BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficatious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.
